

NEW V10 LED HEADLIGHT - (halogen size + 6v DRL function) - designed by EKLIGHT

EK SMART CANBUS advantages:

1. 6V start as **Daytime running light function**
2. With SMART canbus relay, it could solve 99% different cars - such as **BMW, VOLVO, BENZ, AUDI, JEEP, DODGE, ...**
3. **Intelligent temperature control system** built-in, which could help make led bulb more steady, not burning.
4. PCB with **Gold immersion process**, good look, better heat dissipation
5. **Same size as original halogen bulb**, ensure perfect installation.
6. Perfect beam light, luminous point is the same position as halogen bulb + **beam light adjustable**
7. Imported components inside to ensure reliable quality.
8. **EKLIGHT Patent technology** used.

Drive is built-in with temperature controlling compensation system 6. Lifespan: 30,000 Hours 7. Canbus LED Headlight 8. 4000lm each bulb 9. 2 years warranty | PHILIPS Lumileds ZES | Single beam: H7 H10 H11 9005 9006 9012 | WHITE 6000K | US\$22.5 | US\$22.0 | US\$21.5 |
| | | | Hi/Lo: H4 | WHITE 6000K | US\$32.5 | US\$32.0 | US\$31.5 |

We have put H11 small led bulbs in 90 degree high temperature lighting for 3 days, days in 85 degree temperature. It is still work properly. The test report is quite satisfied with good heat dissipation.

K6T LED HEADLIGHT - (Aluminum belt design) - designed by EKLIGHT

EK SMART CANBUS advantages:

1. **99% Philips LED chip**
2. With SMART canbus relay, it could solve 99% different cars - such as **BMW, VOLVO, BENZ, AUDI, JEEP, CHRYSLER ...etc.**
3. **Intelligent temperature control system** built-in, which could help make led bulb more steady, not burning.
4. PCB with **Gold immersion process**, good look, better heat dissipation
5. **Smaller size** than halogen bulbs, ensure perfect installation.
6. Perfect beam light, luminous point is the same position as halogen bulb + **beam light adjustable**
7. Pure copper PCB board + **Aluminum better cool system** to ensure reliable quality.
8. **EKLIGHT Patent technology** used.

K5S LED HEADLIGHT - (OSRAM LED) - designed by EKLIGHT

EK SMART CANBUS advantages:

1. Imported **OSRAM LED chip**
2. With SMART canbus relay, it could solve 99% different cars - such as **BMW, VOLVO, BENZ, AUDI, JEEP, DODGE** ...etc.
3. **Intelligent temperature control system** built-in, which could help make led bulb more steady, not burning.
4. **3mm copper PCB** with **Gold immersion process**, good look, better heat dissipation
5. Smaller size than halogen bulbs, ensure perfect installation.
6. Perfect beam light, luminous point is the same position as halogen bulb + **beam light adjustable**
7. Pure copper PCB board + Aluminum better cool system to ensure reliable quality.
8. **EKLIGHT Patent technology** used.

K6F LED HEADLIGHT - (Removable fan design) - designed by EKLIGHT

EK SMART CANBUS advantages:

1. **PHILIPS Lumileds ZES chip**
2. With SMART canbus relay, it could solve 99% different cars - such as **BMW, VOLVO, BENZ, AUDI, JEEP, DOODGE, etc.**
3. **Intelligent temperature control system** built-in, which could help make led bulb more steady, not burning.
4. PCB with **Gold immersion process**, good look, better heat dissipation
5. **Smaller size** than halogen bulbs, ensure perfect installation.
6. Perfect beam light, luminous point is the same position as halogen bulb + **beam light adjustable**
7. Pure copper PCB board + **Removable fan design system** to ensure reliable quality.
8. **EKLIGHT Patent technology** used.
