Display - Front View

A photograph of a rectangular, gold-colored lithium-ion battery, likely for a mobile device. The battery has two labels: a small white label on the left with a barcode and the text 'S140289', and a larger white label in the center with a barcode, QR code, and text including 'MADE IN CHINA', 'CHARGE BY: 1.15 200V', 'DC00046 6.1V', '2000 1500mAh', '230045439', 'A930000000', and 'SAMSUNG'. The battery is connected to a gold-colored flexible printed circuit (FPC) with a connector. A ruler is placed horizontally below the battery for scale, showing measurements in centimeters.
